Dear John,

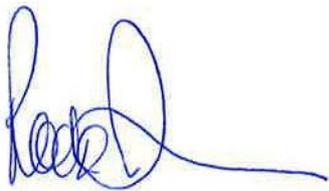

Thank you

The Amy Gillett Foundation would like to thank the Adelaide Hills Masters Cycling Club for the kind donation of \$400.

We are grateful to be the recipient of your annual charity race - this contribution will certainly assist us in continuing our work to make Australia's roads safer for all bicycle riders. As Australia's leading bike safety organisation, the Amy Gillett Foundation receives no ongoing funding from government - the ability to realise our mission for safer cycling in Australia is largely dependent upon the support of organisations like the AHMCC, and passionate supporters like yourself. Thank you once again.

Everyone has the right to ride safely.

Yours sincerely

Phoebe Dunn
